LET ME TAKE YOU WITH ME!'*

IANE'S STORY

Multitalented with a passion for music, that is iAne! Her father taught her to play the keyboard at home on the Indonesian island of Sumatra, when she was only four years old. When she was ten, she took to the stage for the first time and thought: I don't want to step down anymore!

In 2003 iAne came to the Netherlands. As a singer she performed with various bands around Europe and was very successful in Indonesian music. Then, in 2008, when she got her first DJ set, a new world opened up for her. Mixing music became her new passion.

In 2012 iAne and partner Rody Mulder founded music company Tjoens for their various musical enterprises. Tjoens recorded Indonesian dangdut music with Dutch musicians and set up monthly jam sessions in Almere, which has grown to a lively jam scene. They also developed the Smooth Sundays: an afternoon jazzy lounge dj music with live musicians and iAnes vocals.

Since 2014 iAne has grown into a professional vocal dj. She took classes with Lady Aïda and DJ School Nederland to learn the tricks of the trade. She has evolved into a vocal dj with her very own style: she combines mixing beautiful lounge and dance with live music on saxophone and – off course – her own vocals!

Producing her own repertoire was a logical next step. In 2016 Tjoens set up their own record label and iAne recorded tracks with big names such as Dutchflower, Leon Sherman and Wulf. And with success: 'Love Blind' has reached the number 15 position in dance list DB962 Dance Report, and 'I Turned into Us' number 12!

IANE'S PORTFOLIO

VOCAL DJ

Picture this: your dj expertly warms up the crowd by mixing lounge, deep house and EDM. A saxophone player appears on stage and adds an extra dimension to the show with his live sounds. To top it all off, the dj herself grabs the microphone and surprises the audience with her amazing live vocals! iAne knows how to tune into any audience and get the party going.

*IANE: 'ON STAGE, SPINNING AND SINGING
- THAT'S WHERE I BELONG!'*

SINGER

When iAne first took to the stage, she knew that she didn't want to step down. Since then, singing has become an addiction for iAne. With her warm and flawless voice and more than 20 years of experience at various high end events, she can play to any audience. In addition to her own dance tracks, iAne is proficient in many other genres, from pop classics to jazz.

[CO-]PRODUCER

As a co-producer, iAne works with a first rate team. She produces her tracks with producer / mixer Dutchflower. She has released 8 pop, house and EDM tracks, including the successful singles 'I Turned into Us' and 'Love Blind'. The tracks were recorded in Amsterdam, Brussels and Volendam and mastered in London and New York by engineers of hits by Calvin Harris and Rihanna. The Tjoens Label released the tracks on more than 32 music services. iAne's tracks have been streamed hundreds of thousands times via online streaming services including Spotify, iTunes, Deezer and also on Asian service Line Music.
